Subject: Notice of the Second Apportionment for the Carl Washington School Safety and  
Violence Prevention Act Program, Grades 8-12, Fiscal Year 2000-01

This apportionment, in the amount of \$94,327, has been made from funds provided by Item 6110-228-0001(1) of the 2000 Budget Act (Chapter 52, Statutes of 2000). This apportionment provides funding to local educational agencies (LEAs) with pupils in grades 8 through 12 to implement the Carl Washington School Safety and Violence Prevention Act program pursuant to Article 3.6 (commencing with Section 32228) of Chapter 2 of Part 19 of the *Education Code*.

This apportionment augments the first apportionment for each eligible LEA listed on the enclosed schedule of apportionment. The allocation for each LEA is based on the October 1999, California Basic Educational Data System enrollment count for grades 8 through 12. The per pupil rate is \$32.7005071, with a minimum allocation of \$5,000 per school site, or \$10,000 per school district, whichever is greater. These funds are to be used for one or more of the following purposes as specified in *Education Code* Section 32228.1: hiring personnel trained in conflict resolution; providing on-campus communication devices and other school safety infrastructure needs; establishing staff training programs to deal with at-risk pupils; establishing cooperative arrangements with law enforcement agencies; preventing and responding to acts of hate violence and bias related incidents; and other purposes that the school or LEA determines would materially contribute to providing safe schools and preventing pupil violence.

The Carl Washington School Safety and Violence Prevention Act, Grades 8-12 is included in the charter school block grant funding model pursuant to Chapter 6 (commencing with Section 47630) of Part 26.8 of the *Education Code*. Therefore, charter schools that are participating in the model will receive their funding for this program as part of the categorical component of the charter school block grant, which was allocated as part of the principal apportionment. Charter schools that are not participating in the charter school block grant funding model will receive their funding for this program through their chartering agency.
